### And What Have You

By BOB CRAIG

We do not feel that we are hollering "Wol!" when we say that the election Saturday is one of the most important elections to face Texas voters in a long, long time. For at no time have the liberals of Texas had a better chance than now to take over the governor's office.

Far too many people are going to decide that Smith will get nearly all of the votes cast for the losing candidates in the first primary and won't have any trouble beating Yarborough. This would be true if all of those who voted last time vote again.

Preston Smith is facing the same problem that faced Gov. John Connally when he won his first term. Only Smith does not have the dynamic personality that Connally has. Smith does a good job where he can meet with the people in person but does not seem to impress the masses.

And it is these masses that must turn out to vote if Smith is to win Saturday. The liberal element in the state always turns out for one of their candidates and a light vote will favor Yarborough.

As to the qualifications of the two men — there can be little doubt as to which man is better qualified. Since Smith has been in public office for 18 years and has worked his way up to be in line for governor it should be apparent that he has the background to handle the job. In Yarborough's case the only qualifications that he can boast are those of being a candidate before and being a lawyer. He comes highly recommended by our other Yarborough, Ralph, and you can decide for yourself if you want to turn the reins of our government over to the two of them.

Personally, we feel that while Smith may be a little too conservative at times, we will be better off with this than with a whole host of new welfare programs.

But if you like for a candidate to promise you everything, then Yarborough is your man. He would seem to have the answers to everything except how to pay for it.

But regardless of who you favor, please vote Saturday.

It has been brought to our attention that area livestock men have been plagued lately by someone shooting their cattle in the fields. Since it is not hunting season it is hard to see how these could be accidents.

We can not understand how anyone could just shoot down an animal just for the fun of it.

This is not only a problem for livestock owners but sportsmen as well. For it is acts like this that closes whole areas to hunters and brings on strong anti-gun legislation.

Last year at the end of the Little League season we made some comments here about the practice of team managers feeding the boys after winning a game. It seems that this practice is being continued again this year, mainly we suppose because no one knows how to stop it.

We feel that there are two things wrong with this practice — the first is that when a manager gives his time to work with the boys he should not have to dig down into his pocket to feed them. The second, is that the principle of rewarding the boys for winning is wrong. We can understand maybe after the first game and if the boys win the title but that is about all.

But this practice cannot be stopped by the managers very well. It would be up to the League officials or the parents to stop it.

We feel if the boys want to eat after a game let them bring their own money — win or lose. If the boys won't play to win unless they are treated then the whole program should be scrapped.

While on the subject of Little League we might add that as usual there is a shortage of volunteer help. It is a problem at every game to get umpires and other officials.

Maybe one answer would be for a registration fee for every boy playing with the money being used to hire a high school or college boy to umpire. People pay for everything else, why should this be so different?

**HARVEST UNDERWAY** — After several days of damp weather the wheat harvest got underway in earnest here Tuesday. Moore Elevator reported that they received over one million pounds on Tuesday. They

also said that the yield was running good and that most of it was No. 1 wheat. This picture was taken West of Hamlin late Tuesday evening.

## Volunteer Civil Defense Unit Being Organized

The Hamlin City Council has approved a Civil Defense Ordinance for Hamlin which will authorize the organization of a Volunteer Civil Defense Service here. This volunteer group may be called upon by the Chief of Police to meet any emergency.

A Civil Defense operational plan is also nearing completion, according to Chief Wasson. A recruiting drive is now underway for Volunteer Civil Defense workers. Any person interested should contact Chief Wasson, Jerry Pritchard, director, or Frank Shearer, secretary of the Civil Defense Service.

In conjunction with the Civil Defense Service, three Federal electronic sirens for severe weather and civil defense emergency warning system have been received. Plans are now being made with the Telephone Company for the installation of the system.

The sirens were purchased with the money donated to the Airways C B Radio Club. It is hoped by the club that at least one more unit can be purchased in the future. The additional siren would permit the installation of one siren in each corner of the city, plus the central warning device on top of the First Baptist Church.

Eleven citizens graduated from the 16-hour Civil De-

fense Course sponsored here by the Police Dept. Qualified as Radiological Monitors by the completion of the course were: Ida Kay Williams, May Pritchard, Amos Pemberton, Bobby Scifres, Louis Stinnett, Billy T. Deel, Charles Cary, Frank Shearer, Gladys Pritchard, Bryan Wasson, and Jerry Pritchard.

This qualifies the City of

### Rural Mail Service Now Available to Northeast Hamlin

Rural mail service has been approved for the Northeast part of Hamlin, according to Postmaster Perry Sparks. The area to be served includes from Northeast Ave. C to Northeast Ave. O.

In making the announcement, Mr. Sparks said that the service is available now and can start as soon as the patrons in the designated area put up a rural type mail box and make their address change. He urged those living in that area wishing the service to check with the local office to find out where the box should be placed.

The Postmaster said that among the services available from rural mail carriers includes registered mail, stamps, certified mail and the mailing of parcel post.

Hamlin to be furnished by the State Health Dept. with four radiological monitoring kits. These kits will be stationed at fallout detection stations located at the Police Station, the City Pump Station, Pied Piper Mills and the Jerry Pritchard residence.

Plans are also being made to have certain areas at the Pied Piper Mills to be designated as official fallout shelters. These areas will be stocked with food, water, medical supplies and other equipment if approved by the U. S. Corps of Engineers. The basement of Heidenheimer's is also being considered as a possible fallout shelter.

## Two Races On Ballot Saturday

Voters in Precinct One of Jones County, which includes both Hamlin boxes will have two run-off races to decide when they go to the polls Saturday in the Second Democratic Primary. One will be the state-wide race for governor and the other will be for Commissioner, Precinct One.

The local race will pit Johnnie Agnew against Bernia Reid as the two were the top vote-getters in a four-man race in the first primary.

In the governor's race, Lt.

Governor Preston Smith is opposed by Don Yarborough. The two men topped a field of ten in the first primary May 4. Yarborough is rated the liberal candidate and Smith the conservative.

Both local boxes will open at 8 a.m. and close at 7 p.m. with the East Box voting in the City Hall and the West Box voting in the High School. A. B. Carlton will be election judge in the East Box and Miss Lennie Greenway in the West Box.

Any registered voter who did not take part in either the Republican or American Party primary can vote in the primary Saturday.

Voters who did not vote in the first primary are eligible to vote.

Others present were Bill Johnson, Davis Weaver, James Holt, Mark Madden, and adults, J. O. Murphree, and Ed Lewis.

## Area Teachers Taking Part In Workshop Here

Some 40 teachers from Haskell, Rule, Weinert, Hobbs, Stamford, Aspermont, and Hamlin are taking part in a Science Workshop here this week in the primary building.

Conducted by Bill Moore of Abilene, Director of In-service Education, Region XIV, Education Service Center, the one week workshop is teaching the process approach to elementary science.

Teachers in the first through sixth grades are receiving 30 hours of instruction. Students in the first through fifth grades are being used in actual teaching situations during certain periods of the workshop.

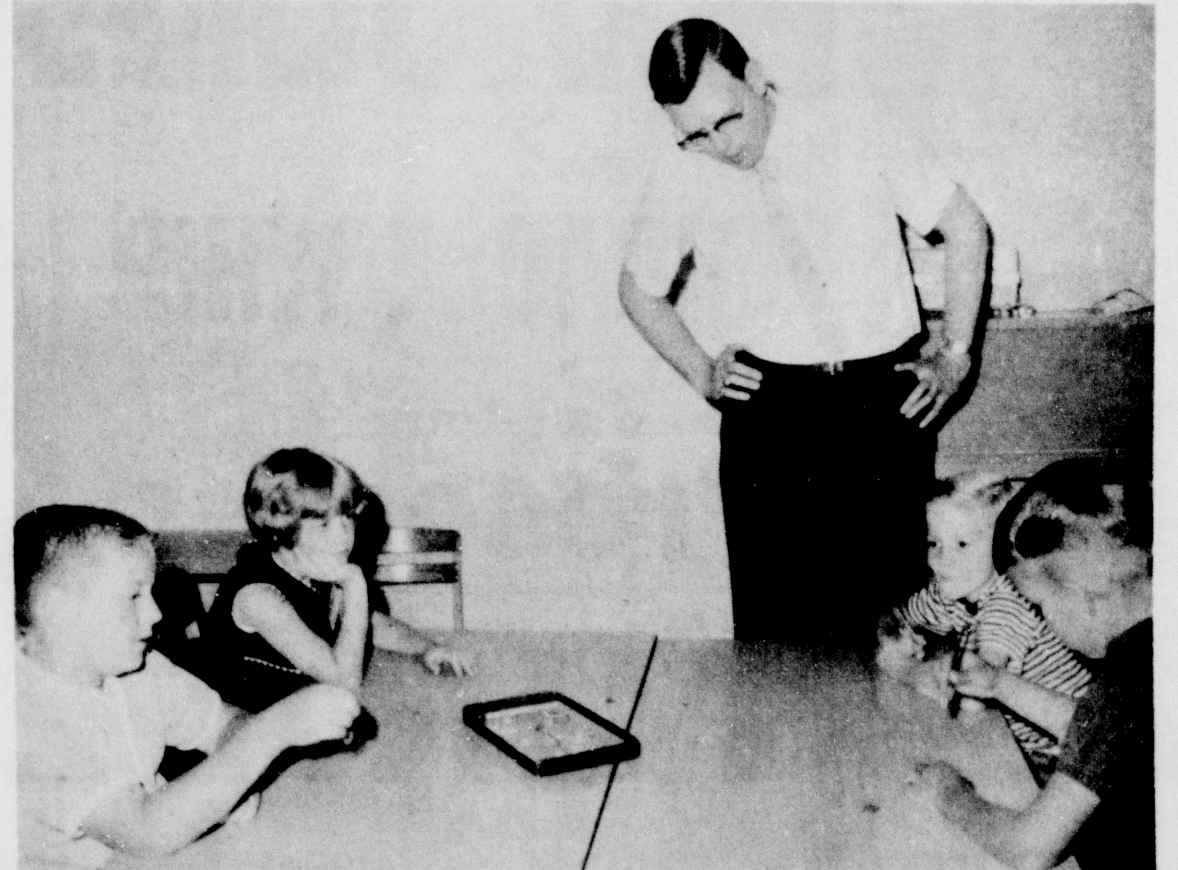

The purpose of this method of teaching is to teach the

child to think rather than teaching just facts, said Mrs. Fred Smith, primary principal here.

The method will be inaugurated in some 25 schools in this region in the fall. The local workshop is one of seven being conducted within the region.

Mr. Moore received BS and Master of Education degrees from Texas Tech, Lubbock, and has done post graduate work at Texas Tech, Texas University, Murray State, Kentucky, and has taught 17 years in elementary, junior high and high schools.

During demonstrations, Mr. Moore challenges the children to think and give verbal answers to questions or science.

**TEACHING BY DOING** — Bill Moore, instructor of a one week workshop now in progress at the primary school building, teaches science through application during a session Tuesday afternoon. Students taking part in the study of

magnets have finished the second grade. They are left to right, Nickey Bond, Jamie Crowley, Dwain Miller and Lynn Davis. Lynn is seeing how many metal circles he can pick up with a small magnet.

R. M. Sizemore, Station Attendant "B" for Shell Pipe Line Corporation's West Texas Division, Eastern District, observes 25 years of service with the firm this week. Sizemore joined Shell Pipe Line in May, 1943 as a laborer in Henrietta, Tex., transferring to McCombs, Tex., as a pipeline later that year. He served in this capacity of pipeline in Archer City, Tex., assuming the responsibilities of tank farm gauger at McCombs in 1950. In 1961 Sizemore was appointed station attendant "B" at the Hamlin station. Sizemore resides at 450 S. W. Avenue E.

### Stamford Electric To Issue \$315,000 In Credit Checks

Capital Credit checks totaling \$315,484.51 will be mailed to members of Stamford Electric Cooperative on June 1 according to C. M. Lester, Manager. These checks represent the retirement of 1954 and 1955 capital credits.

The capital credits plan is one aspect of Stamford Electric Cooperative's non-profit operation under which members and patrons agree that all amounts paid for service in excess of operating costs and expenses are furnished as capital.

The Board of Directors of SEC is charged with making decisions on financial policies of the Cooperative. It has been the policy of Stamford Electric over the years to retire REA loan capital as rapidly as feasible. This has been done to the extent that members of SEC now own 95.3% of the total electric plant.

It is now possible to begin refunding members' capital investment on a regular yearly basis. All such retirements of capital are made in the order of priority according to the year in which the capital was furnished and credited, the capital first received by the Cooperative being first retired.

"With the mailing of the checks in a few days, this will make a total of over \$652,000.00 thus refunded since the Cooperative's origination in 1939," said Lester, "and during his time SEC has served every applicant for service in the area served by the Cooperative no matter how big or far away."

### Kenneth Hobbs Posts Top Firing Range Score Here

Kenneth Hobbs, local policeman, was high scorer in the firing range contest sponsored by the Hamlin Police Department May 16. Hobbs scored 82 and 90 in the contest.

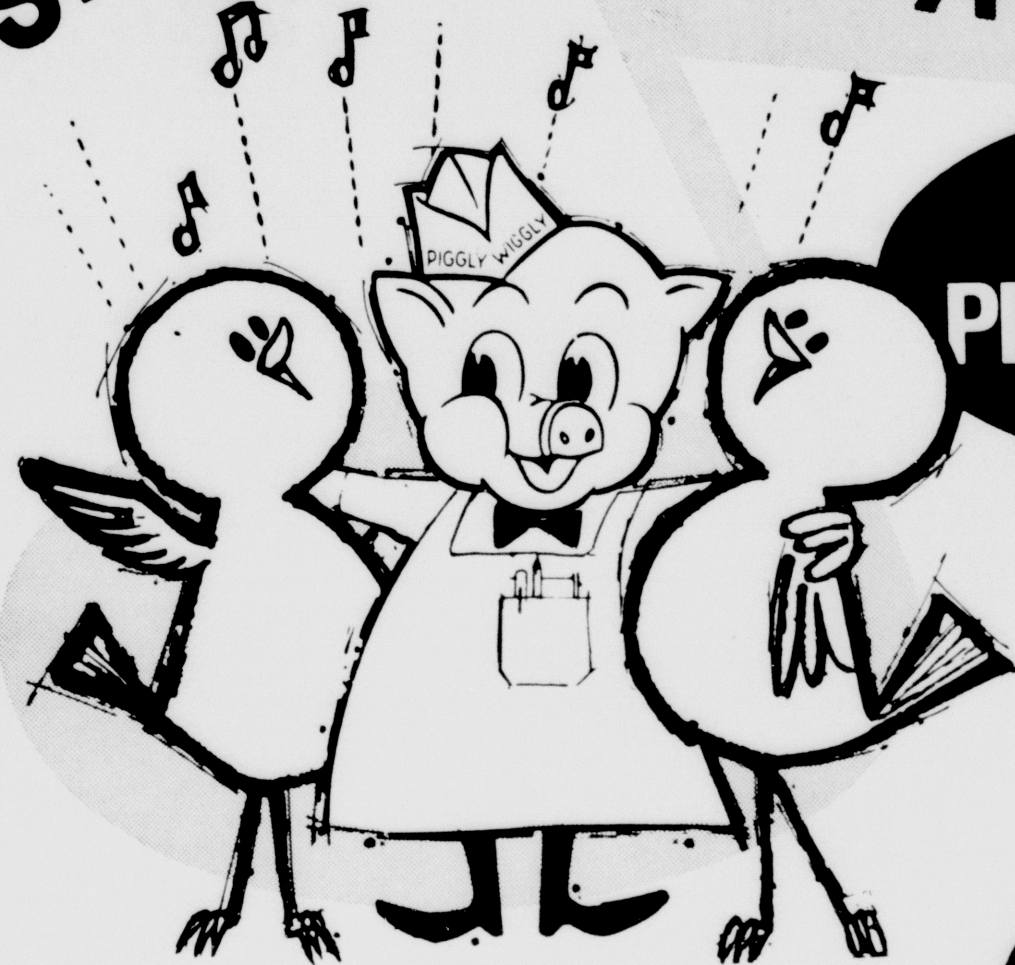

Other policemen and their scores announced by Chief Bryan Wasson were Donald D. Lee, 78 and 86, Ronald J. Cochran, 68 and 62, both of Rotan; Paul W. Carlan, 76, Harlin W. Potter, 80, Marion F. Moore, 56, Louis E. Johnson, 70, Dwayne Medford, 70, all of Stamford; Amos J. Pemberton, 44, Louis Stinnett, 78 and 76 and Bobby Seifres, 76, all of Hamlin.

## Purchase of New Books Approved for Library

In a called session of the Woman's Forum Thursday at Harden Memorial Library, Mrs. Jack Vaughan, president, appointed a committee chairman to fill a vacancy; recommendations of the Library Committee were approved including immediate purchase of new books; and a change in the constitution was made.

Mrs. R. D. Moore was named chairman of the Library Committee following the resignation of Mrs. Joe League.

Recommendations of the Library Committee, read by Mrs. Joe Youngblood, were approved. Library hours were set from 3 to 5 p.m. Mondays, Tuesdays, Wednesdays and Fridays. Thursday hours are from 5 to 7 p.m. Every patron is to sign a card showing name and address when they first check out books. Patrons under 16 must have the signature of a parent or responsible person. Books are to be checked out for a two week period with notices being sent when books are overdue. A fine of three cents per day will be charged on overdue books. Second notices in the case of minors, are sent to the parent or responsible person.

The charge on lost books will be the cost to replace the book. Only two books will be

checked out at one time to each patron. Visitors will be given special consideration.

New books, in the amount of \$150, are to be purchased now and \$15 per month will be spent through December of this year.

No charge will be made to clubs meeting in the library building.

The Forum also approved acceptance of furniture donated by Thad Harden of Fort Worth. Two tables, eight chairs and a desk were given by Mr. Harden.

A change in the constitution, for the quarterly meetings to be held at night, was approved. Mrs. Vaughan appointed Mrs. L. H. McBride, Mrs. A. A. Hackley, Mrs. W. A. Casle and Mrs. R. D. Moore to a committee to study the present constitution and make necessary changes to be presented at the next regular meeting.

Mrs. V. E. Holt, librarian reported that use of the library is increasing daily. Since May 1, she noted that 64 persons had visited the library, checking out 92 fiction and 10 non-fiction books.

The next meeting will be July 29 at 7 p.m. in Harden Memorial Library. There will be no program, Mrs. Vaughan said.

MRS. JOE RUSSELL SUBLETT  
... formerly Elizabeth Cunningham

## Cunningham - Sublett Vows Repeated Here

Elizabeth Ann Cunningham and Joe Russell Sublett of Abilene exchanged marriage vows Saturday evening at 8 o'clock in First Baptist Church.

Parents of the couple are Mr. and Mrs. Louie J. Cunningham and Rev. and Mrs. L. A. Sublett of Abilene.

The bridegroom's father, Rev. Sublett, pastor of the Hamby Baptist Church, officiated for the double ring ceremony. Mrs. Marvin Carlton was organist. Vocalists were Bill Keck and Rev. Max Brown, pastor of First Baptist Church.

Connie Jo Duncan was maid of honor. Mary Margaret Turner was bridesmaid.

Gary Baccus of Abilene was

best man and Tracy Sublett of Abilene, brother of the bridegroom, was groomsman.

Ushers were Jay Cunningham of Fort Worth, brother of the bride; Vernon Sublett of Abilene, brother of the bridegroom; Otis D. Richardson and Richard Beck, both of Abilene.

Mrs. Jay Cunningham of Fort Worth, sister-in-law of the bride, registered guests in the church foyer.

Presented in marriage by her father, the bride wore a straight line gown of peau de soie with a sabrina neckline. High rising bodice and long sleeves were Chantilly lace. Motifs of lace on the dress and chapel train were enhanced with sequins. Silk carnations and Lily of valley with seed pearl centers on chiffon petals held her elbow length illusion veil. She carried an orchid and stephanotis on a white Bible.

Bridal attendants wore empire gowns of shocking pink chiffon over taffeta with bell sleeves. Darker pink velvet ribbon and bow accented the empire line of gown. Head-dresses were circular veils held by pink silk flowers. They carried cascade bouquets of pink gladiolas.

The bride's parents hosted the reception in Fellowship Hall. The bridal table was attended by Mary Lois Patterson, Marlyn Reynolds, Carolyn Reynolds and Christy Wallace.

Assisting with the reception were Mmes. Albert Haight, J. C. Turner, Cliff Reynolds, Edgar Duncan, J. B. Jayroe and LaFoy Patterson.

The bride is a graduate of Hamlin High School and a senior at Hardin - Simmons University where she is a member of Epsilon Eta Phi national business sorority.

Sublett, a graduate of Wylie High School, is also a student at H-SU. He is in ROTC and a member of Pershing Rifles, national fraternity. He is employed by the U. S. Post Office in Abilene.

After a short wedding trip the couple will be at home at 2534 Caldwell, Abilene.

The rehearsal dinner was hosted by the bridegroom's parents.

## HHS Seniors Honored Saturday

The honorees were all spring graduates of Hamlin High School.

MRS. JERRY CLIFFORD STUART  
... formerly Nancy Carole Brown

## Nancy Brown, Jerry Stuart United Saturday

Nancy Carole Brown, daughter of Mr. and Mrs. John R. Brown Jr., and Jerry Clifford Stuart of Fort Worth, son of Mr. and Mrs. Clifford Stuart, were married Saturday at 7:30 p.m. in Neinda Baptist Church.

Rev. Frank Codington of Abilene, pastor, officiated.

Given in marriage by her father, the bride wore an A-line gown of candlelight peau de soie and Chantilly lace with empire bodice, scalloped neck-

line and elbow length sleeves. The matching train was held with a large Dior bow. She carried a white orchid with cascades of stephanotis and white streamers atop a white Bible.

Mrs. Dennis Kelly of Midkiff was matron of honor for her sister. She wore a dress similar to that of the bride, of yellow peau de soie. She carried a nosegay of white daisies.

Larry McCoy was best man. Ushers and candlelighters were Dennis Kelly of Midkiff, and Jimmy Stuart, brother of the bridegroom.

The reception followed in the Fellowship Hall.

The bride is a 1968 graduate of Hamlin High School.

Stuart, a 1967 graduate of HHS, is employed by Burt's Shoe Store in Fort Worth where the couple will make their home in the Hi-View Apartments.

The bridegroom's parents hosted the rehearsal dinner.

Candles were lighted by Dennis Hale of Abilene.

## Second Effort Set To Organize Discussion Group

A second meeting to organize a women's discussion group concerning prejudice and discrimination will be held Monday, June 3, at 8 p.m. in the Fellowship Hall of First Baptist Church.

The first of such meetings was held last Tuesday morning and only five protestant women attended.

Women of all races and religions are invited to attend the Monday night meeting to become better acquainted with women from all ethnic groups. The second meeting was set at night to enable more women to attend.

## Lo Cal Club Sets Next Meet In Sept.

The Lo Cal Club will not meet during the summer months.

The next meeting will be Tuesday, Sept. 3, at 6:30 p.m. in Harden Memorial Library.

Be sure to get the correct size in socks for children. It's just as important as the right size in shoes. For healthy, growing feet, foot specialists recommend absorbent all-cotton socks, in a size at least one-half inch longer than the child's longest toe.

MRS. ROY DONALD HOUGHTON  
... formerly Dana Sue Sanders

## Sanders-Houghton Vows Exchanged Friday

Dana Sue Sanders and Roy Donald Houghton exchanged wedding vows Friday evening, in a candle light ceremony in the home of the bride's parents.

The bride is the daughter of Mr. and Mrs. J. R. Sanders of 1037 Northeast Second Street. Mr. and Mrs. Earl J. Houghton of 940 South Central are the bridegroom's parents.

Rev. Marshall Stewart, minister of the Nazarene Church, officiated. Music was by Mrs. Larry Farnsworth, pianist.

Cynthia Sanders of Dallas was her sister's maid of honor. She wore a mint green empire dress of bonded crepe with matching headdress of crepe bow and veil. Her bouquet was of white daisies.

Given in marriage by her father, the bride wore an empire dress of bonded crepe and jacket fashioned of chantilly lace. A white satin bow held

her shoulder length veil of illusion. She carried a bouquet of stephanotis centered with an orchid.

Larry Farnsworth of Hamlin was best man.

Gerald Houghton, brother of the bridegroom was usher.

A reception immediately following the ceremony was hosted by the bride's parents. Linda Bailey of Hamlin registered guests. Terese Perrin of Hamlin, and Sherri Dean Shook of Hobbs, N. Mex., served.

The bride is a May graduate of Hamlin High School.

The groom is a graduate of Hamlin High School. He attended Commercial Business College in Abilene followed by two years of service in the Army which included one year of service in Germany.

The couple will reside at 3500 Mattison Street, Fort Worth, where he is employed by the General Dynamics Corporation.

## Burleson Warns of Dangers of Peace Talks In Propaganda, Casualties

Omar Burleson, M. C.  
17th District, Texas

Washington, D. C. — On February 1st of this year, the opinion was expressed in this space that some type of negotiations with North Vietnam would begin in a matter of a few months. The further opinion was expressed that at the time peace talks started the greatest danger would be created. It was stated that that captured documents showed that the Communists would start discussions of a settlement by demanding that all military actions against North Vietnam be stopped and that a "coalition" be established for South Vietnam.

This is what is happening in the several meetings already held in Paris. The North Vietnamese negotiators started out with a propaganda blast and continue to deny that they have any troops in South Vietnam at all.

Their first purpose is clearly to put this Country into a box by first getting the United States to stop all bombing in North Vietnam and particularly an assurance of a permanent sanctuary for Hanoi and Haiphong.

It is also pretty clear that they are depending on sentiment in this Country to force our negotiators into one-sided concessions while they make no concessions at all.

Our Americans "Doves" take the line that having once agreed to the present partial bombing halt, the United States must not ever consider going back to air action against the enemy under any circumstances. This, they say, would be a shock to "world opinion" and bring great disappointment and adverse reaction to those who seek peace.

The North Vietnamese, of course, want assurances that Hanoi and Haiphong be spared any future bombing under any

circumstances. If they could get this, they would release an estimated three quarters of a million work force, enabling them to send many more fighting men into South Vietnam. In fact, there is pretty good evidence that they are already escalating action in this respect.

While two years of negotiations were going on to settle the Korean war, the biggest Chinese-North Korean offensive of the whole war occurred in the month before the truce was finally signed. Well over a third of all American casualties of that war occurred while peace negotiations were officially and formally in progress.

In this situation in Paris, we are at least forewarned of the tactics of Hanoi's representatives. It is the most dangerous time in South Vietnam. It is obvious that the strategy started with the TET offensive and continues to the present time with varying degrees of intensity. It is reasonable to believe that as talks go on in Paris a stepped up activity will go on in South Vietnam in an attempt to show our representatives that they are capable of an offensive to threaten our presence in the country.

Our delegation in Paris is entirely aware of this situation and although we will go on patiently seeking an honest approach to a real settlement, they will not submit to a propaganda trap that would sacrifice everything for which our men have been fighting since this conflict began.

The Communists Negotiators of North Vietnam should be made to understand clearly and unequivocally that we are there to produce genuine progress toward an honorable peace. At the same time, and with an assurance not to be misunderstood, we should tell them that we do not expect to

while away months upon months of meaningless talks with the idea that we make all the concessions without reciprocity. We should make it unmistakably clear that we do not intend to turn the Government of South Vietnam over to the Viet Cong by any "coalition", which to the Communists means a government of their own choosing.

We should also make it entirely clear, without stating an ultimatum at this time, that if no settlement is reached or reasonable terms in a reasonable time, that not only will the war continue but that it will take on proportions not yet exercised by our side.

They should further understand that "Peaceniks" are not yet running this Country nor will we be so sensitive to "world opinion" that we will not unloose the forces of our capability against them.

As has been said on numerous occasions, it has long since ceased to be a matter as to whether we should be in South Vietnam or not. It is a matter of either settling it through negotiation while there is opportunity or else getting it over in the way we have the capability of doing.

### Outdoor Dining Beautiful As All Indoors!

Spring and summer dining al fresco on your patio, in the backyard or at your favorite picnic grounds doesn't mean "roughing it" anymore. Outdoor tables can look as beautiful as all indoors, thanks to practical, carefree new accessories.

The happiest news this spring is about go-anywhere tablecloths, real cloth ones, that are a double treat. First, they have a permanent press finish that means machine-drying and no ironing. Unlike former permanent press fabrics, however, the new cloths are also treated with a brand-new "Scotchgard" fabric protector with soil release especially developed for permanent press. This "dual-action" soil release finish means that tough food stains come clean with ordinary machine laundering, eliminating the need for spot-cleaning or further washing.

There's a wealth of non-breakable plastic tableware on the market now that, unlike flimsy predecessors, give a dining room look to outdoor dining. Footed plastic tumblers in bright citrus colors make even lemonade seem elegant and this year, for the first time, plastic forks, spoons and serrated knives are being made in the same sizes as regular flatware.

## Roller Coaster Spirit

There are days when we feel on top of the world. Everybody loves us and shows it. Nice things are done for us. Sunshine and happiness drenches everything. And then there are other days — when we're blue; people are busy. We're alone. We're afraid.

It might as well be raining. Nobody knows the trouble we're in. Needed is a little self-discipline, not a lot of self-pity. We must learn to face the fact that life is not always a flowery bed of ease, and pleasure. Children dodge hard places, responsibility, and painful experiences.

A mature person stands on his own two feet under God. Time, insight, and the grace of God can remove mountains — and take away that roller coaster spirit. Begin the road to spiritual maturity by attending church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny. The truth which alone will set him free to live as a child of God.

## MEANDERINGS FROM

# Neinda

By GREG

I think we need to call this Busy Country this week instead of Big Country. Most of the farmers are busy planting cotton. A few have their already up and some who caught the inch and one-half rain last Friday night will probably have to plant over. We have been lucky to escape the storms that have been skipping around the area. The one Friday was getting too close for comfort. Since so much cottonseed is in the ground and the wheat so near ready to harvest, the farmers can't help but keep one eye on the sky.

Mr. and Mrs. Tom Hodges, who are on vacation, stopped by to visit with Mr. and Mrs. Sam Hodges and Mrs. Defene Renfro this past week.

Mr. and Mrs. Joe Collins had her parents, Mr. and Mrs. Long, from Colorado City here for a few days visit.

Mrs. Estie Goza, Mrs. Myrtis Rainwater and Mrs. George Brown and daughter, Carla, all from Anson, were here visiting with Mr. and Mrs. Sonny Brown. Other visitors in the Brown home

were their daughter and family Mr. and Mrs. Dennis Kelly and sons of Midkiff.

Mr. and Mrs. Phil Hetzel of Abilene visited her mother and father, Mr. and Mrs. John R. Brown Sr.

Mr. and Mrs. Jerry Williams and family of Lubbock visited this weekend with his parents, Mr. and Mrs. Ray Williams.

A number of these visitors were also here to attend the wedding of Mr. and Mrs. Sonny Brown's daughter, Nancy, to Jerry Stuart.

Mickey Don, son of Mr. and Mrs. Jackie Williams, had two of his cousins over from Roby to spend a couple of days. They are the sons of Mr. and Mrs. James Putnam.

Mr. and Mrs. Johnny Fain and Jimmy of Irving have been visiting with Mrs. Bert Gregory. The J. J. Stanfords and the Don Gregorays.

Mr. and Mrs. Clyde Hodnett and little daughter were here to visit with Mr. and Mrs. Audrey Hodnett and welcome his mother back from Washington. Oleta recently participated in the Ladies Fly-in to Washington to help represent the farmers and put in a good word. Thanks a lot, Oleta.

## Philosopher Wants to Pioneer In Man-Made Grass to End Mowing

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One apparently is trying to get around having to mow his lawn, his letter this week indicates.

Dear editor: A lot of people say the pioneering spirit is dead in America and the rest of the world but I don't agree and would like to prove it.

According to an article I read on the sports page of a newspaper I found caught on the same clump of weeds in my front yard I found one on week before last, more and more sports promoters are turning to artificial grass for

football fields, baseball diamonds, race tracks, tennis courts, golf greens, etc. Even the track events in the Olympic Games in Mexico this year will be run on the stuff.

They say the man-made carpet is better than grass and you don't have to mow or water it.

I've been thinking. Why wouldn't this work on home lawns?

I know it's a high-tone custom from the homes of Hamlin to the ancient grounds of Buckingham Palace to have a neatly-mowed lawn from early spring to the first frost in the fall, and the hum of lawnmowers in the late

afternoons and on weekends can be heard round the world. You might say pride goeth before a lawnmower.

But if a man could attain the same neat look with a carpet of man-made grass cut to fit his front yard, eliminating all need for fertilizer, crab-grass pulling, mowing, weed control, and watering, wouldn't his yard look just as civilized as the rest?

The only way to find out is to try it. If the makers of this artificial grass will come out here to this Johnson grass farm and measure my front yard and cut me out a section and lay it for me, I'll pioneer the new idea and see how it comes out. I'll test neighbor reaction.

If people say, "Look at his yard, hasn't he got a pretty lawn, he must be mighty energetic, keeping it that trim all the time, why it's green even in the winter time," and if it turns out that cows won't graze on it and I don't have to fool with keeping up a fence, then it'll open up a brand new industry. There must be hundreds of millions of square yards of lawns in the world. This will work a hardship on the lawnmower manufacturers, but did automobile makers hold back to protect the lively stable people? Did the students in Paris pay any attention to DeGaulle?

Yours faithfully,  
J. A.

## Cotton Variety on Green Card Approval Granted

For the first time cotton variety information can be included on the green classing card issued by the U. S. Department of Agriculture. The request for inclusion of the information must come from the farmer, said County Agent Kirby Clayton, in commenting on the recently announced change.

More than 90 percent of the cotton ginned in Texas is classed by USDA and the green card issued on each bale lists the grade, staple and micronaire reading.

John L. McCollum, southwest manager, Cotton Division, USDA's Consumer and Marketing Service, Dallas, said this information describes the quality, length of staple and the strength and other characteristics of the fiber. Such information, he added, helps the farmer to know the quality of the cotton he is selling. It helps the cotton buyer find the cotton best suited to the spinning needs of mills.

Here's how the variety information on the green card will be recorded. This statement: "Producer states variety to be \_\_\_\_\_" will be filled in from information supplied with the sample.

McCollum said the Cotton Division assumes no responsibility for the variety shown on the green card.

The variety may be identified by three means: placing a special color tag on the sack of samples; entering the variety on a tag placed on the outside or inside of the sample sack or by placing a drop tag showing the variety of each sample. The tagging is to be done at the time the sample is taken.

In commenting upon the importance of this new service, Fred C. Elliott, Extension cotton specialist, told Clayton, "This will be a big

help in one-variety areas since variety is the most important single factor determining spinning quality. By knowing the variety, buyers will be better able to associate quality and varieties," concluded Elliott.

## Cotton Pickin's

ROLLING PLAINS COTTON GROWERS INC.

The cotton insect problem in the Rolling Plains counties this crop year could very well be the worst in some years, entomologist of the Texas Agricultural Extension Service believes.

Above normal winter rains that have continued into spring could result in a substantial increase in the population of insect pests to plague not only cotton farmers but producers of all kinds of agricultural crops in the Rolling Plains, according to observers.

In the absence of cotton insect survey teams in the Rolling Plains area, which previously were jointly sponsored by the Rolling Plains Cotton Growers in cooperation with the Texas Agricultural Ex-

tension Service, weekly checks on cotton insect populations will be made under the supervision of county extension service agents. Those in the Rolling Plains area will make their reports to Emory P. Boring III, area entomologist of District 3, Texas Extension Service, Vernon.

Boring's office will tabulate the results and send the information to county agents newspapers, radio and TV stations serving the RPLC area.

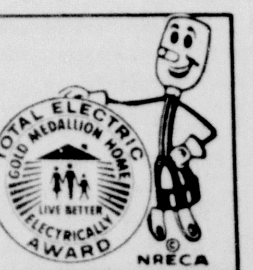

Entomologist Boring said this project will begin around June 1. He said his office hopes to be able to keep farmers advised of insect buildups in plenty of time so that they can map plans for an effective control of the pests.

## RUGGED TENDERNESS

Youngsters can be rugged yet touchingly tender. But they're always real—no doubt about it. That's why cotton is a natural for children. Cotton things can be as durable as a dimpled cheek—as gentle as a freckled face. Cotton comes out like new when you wash it. Even after repeated launderings, cotton bounces back bright and fresh—without dinginess or odor build-up. Cotton things look good and feel good on grownups, too. So call for cotton—for the entire family.

If you have a young finger-paint artist in the family, keep his clothes free of the paint with a pint-size artist's smock. Ideal for this is a man's old cotton shirt. Cut the collar and sleeves off and finish with a machine stitch. Shorten the hem. The finished "smock" is worn backward. "Pop" in the washing machine with colored cottons.

Cotton iron-on interfacing is an excellent sewing aid. Use it in small areas for reinforcement and to prevent fraying. For instance, you can use interfacing behind buttonholes, for reinforcing the underarm curves of kimono-type sleeves.

## Bids, Legals P

### PUBLIC BID

The Hamlin Independent School District is advertising for bids on the following building.

One wooden frame building with asbestos siding. This is a cottage type building. It was used for a homemaking department at the DePriest School. It is now being used for the Music Room on the Junior High School campus. This building has cabinets space on two walls; also, one restroom with commode and lavatory, two closets for storage, and panel ray heater. It can make three room by partitioning walls. The air-conditioners do not go with building.

Buildings must be moved by July 1, 1968.

Bids will be opened at Board Meeting, June 10.

Bids are to be turned in to Bill Harbert or to Superintendent C. F. Cook. The Board reserves the right to turn down all bids. A check or money order must accompany bids.

Bill Harbert,  
President of Board

## Program Planned In Aspermont On Mondale Farm Bill

A meeting to discuss the Mondale Bill, or what is commonly known as the Bargaining Act, will be held in the Stonewall County Courtroom in Aspermont at 2:30 p.m. Monday, June 3.

Dr. Black of the Texas Extension Service will discuss this Bill and its effect on the farm program for all farmers in the United States, according to Truette Hennig, Stonewall County Agent.

Mr. Hennig urges all farmers in the area to attend and bring their friends.

**DEMONSTRATING STRENGTH OF MAGNETS** — Bill Moore shows Deborah Williams how a magnet can pick up several objects during a teaching demonstration period Tuesday afternoon. Each of the four children was given one magnet, each with varying strength. They compared the strength of their magnets as they picked up metal objects from a tray. Also some objects that could not be picked up were included in the experiment. Others at the table are Rita Collins, left, Kathy Meyner, and Olevia Marshall, right.

VOTE SATURDAY JUNE 1

## TO: The Citizens and Voters of Texas FROM: Preston Smith, Candidate for Governor

The purpose of this message is to ask for your support and vote in the Second Democratic Primary Saturday, June 1.

As your Lieutenant Governor for the last six years, I believe I have qualified myself to seek the high office of Governor. You know I finished second among 10 candidates in the First Primary, about 29,000 votes behind the leader with 1,750,000 votes cast.

With your help we can win this runoff against an opponent who has no public record of any kind. One who is aligned with groups that want to reject the progressive, constructive programs built by John Connally and his predecessors and replace them with so-called "liberal" ideas of their own.

I want to continue and improve on the start we have made in education, pollution control, law enforcement, highways, water conservation, promotion of industry and tourism, and many other vital areas.

I am proud to have been a part of Texas government for 18 years. Opponents may harp about what is wrong in Texas; I happen to think there are a lot of things RIGHT in Texas. I am proud of my state and its people.

Things can be even better, and I want to work with you in that direction.

It's more or less in the political tradition to lambast your opponent and say a lot of ugly and cutting things about him. I don't want to engage in personalities; my opponent has no public record to criticize. Therefore I am running for Governor on my own merits.

It may be pretty ambitious for a farm-born, farm-raised Texas boy, who worked his way through Texas Tech and spent his adult years in business activities in Lubbock, to aspire to be Governor. You will be the judges as to whether my experience and proven qualifications entitle me to be elected. I will accept your judgment with real gratitude for your past support and friendship.

Please remember that if I am elected, my door will always be open to any Texan who has any problem whatever that the Governor can help with. I will always be interested in good government. I will always be interested in you.

NEW HAMLIN POLICE DEPT. PATROL CAR  
... a fully equipped police special

## Police Dept. Receives Heavy Duty Patrol Car

The Hamlin Police Dept. has taken delivery on a new 1968 Chevrolet Patrol car, according to Chief Bryan Wasson. The car is a special Police package and is built to heavy duty specifications from the suspension system up.

It is the first special police package to be purchased by the city and the first car to be air conditioned.

The car is equipped with a two-way radio on the Sheriff's

Dept. frequency as well as a receiver on the Dept. of Public Safety frequency. It is also equipped with a light rack on the top which contains a revolving beacon and two double faced red lights.

The light rack can be switched to another car without drilling any holes in the roof. This should result in greater trade in value for the car upon retirement, according to Chief Wasson.

This car is also equipped with a special six inch sealed beam spot light and a Federal Electronic Siren which will be used for severe weather warnings to supplement the existing system soon to be installed.

## Local FFA Members To Attend Area Meet

A large delegation representing the Hamlin FFA Chapter will depart this afternoon for Odessa and the Area II FFA Convention. The two-day convention will convene tomorrow morning at 10 and will run through Saturday noon. Members will be seeking various awards, running for various offices, and just attending the convention.

Heading the delegation will be Bob Clifton and Gil Lain. Bob is a candidate for the state officer nominee from Area II, a candidate for the Lone Star Farmer Degree, a candidate for the Livestock Farming Proficiency Award, and a candidate for the Texas and Southwestern Cattle

Raisers' Award. Gil is seeking the Area II presidency, the Star Lone Star Farmer Award, and the Agricultural Mechanics Proficiency Award.

Other members seeking awards at the convention include Hollis Stephens, Ronnie Nelson, John Hix, Bill Hodnett, and Edward Johnson. Hollis, Ronnie and John are applying for the Lone Star Farmer Degree. Hollis is also an applicant for the Crop Farming Proficiency Award. Bill is seeking the Star Chapter Farmer title while Edward will be after the Star Green Hand title.

Other members planning to attend the convention are Mike Brown, Leldon Clifton, Davis Weaver, and Spencer Ford.

Mike Brown and Bill Hodnett are to serve as Hamlin's voting delegates to the convention. They will take part in the selection of the state officer from Area II, the area presidency, the area FFA sweetheart, and the area talent winners.

The various other award winners will be selected by committees composed of vocational agriculture teachers from throughout Area II. All candidates for the Star Green Hand, Star Chapter Farmer, and Star Lone Star Farmer will be interviewed by a committee headed by Mr. L. M. Hargrave, Professor of Agriculture Education from Texas Technological College. All the area winners will compete on the state level in Austin during the first part of June.

The Hamlin delegation will be accompanied to Odessa by their chapter advisor, Milburn Wink.

## Arrangements for TCR Quarter Horse Show Completed

Final arrangements are being completed for the Texas Cowboy Reunion Quarter Horse show to be held in Stamford on July 2, 3 and 4, according to Charles Stenholm, chairman of the annual event. The American Quarter Horse Association approved show is one of the nation's finest shows. A Youth Activities Day with open competition will precede the two days of registered entry competition.

A play-day type competition open to both registered and unregistered horses will get under way at 8:00 a.m. on July 2. There will be three divisions: children 12 years of age and under, 13 to 15 years of age and 15 to 18 years of age. Events will include show at halter and in performance classes there will be Western pleasure, reining, barrel racing, pole bending and flag racing. Trophies and ribbons will be awarded winners.

In the registered AQHA competition which begins at 8:00 a.m. on July 3, registered halter classes will show in the morning and Youth Activities in the afternoon. Registered performance classes will begin at 7:30 a.m. on July 4th. This will include reining, Western pleasure, barrel racing, pole bending and cutting horse competition. Trophies will again be awarded in Youth Activities.

Jackpots of 80-90% of all other entry fees will be given to winners in other events in addition to trophies and ribbons.

John Trimmer of Hale Center, Texas will be the judge and will be assisted by Frank Davis of Throckmorton in the

cutting horse events. All entries and applications should be addressed to Charles W. Stenholm, Box 1147, Stamford, Texas 79553. Call your news to the Herald

By VERN SANFORD

**AUSTIN** — Your Capitol is bursting with life on the eve of the most significant political and governmental events — the June 1 runoff election, the June 4 beginning of a special session of the Legislature, and the June 11 conventions of State Democratic and Republican parties.

Although there are 15 runoffs in Legislative races to be decided Saturday, the main bout, of course, is that between Lt. Gov. Preston Smith and Houston Attorney Don Yarborough.

Probably no more than a million voters will decide whether moderate - conservative Smith or liberal Yarborough will be the Democratic nominee for governor.

Each is reaching for the other's voter potential. Smith boasts of his 18 years' governmental experience; Yarborough, without governmental experience, urges his own "fresh approach" and "constructive programs," including lower auto insurance rates and consumer protection.

Even name identification — usually considered the well-spring of political success — won't be the deciding factor between those two. Both men have been in statewide races nearly a decade and are well-known names on the ballot.

Incidentally, the winner may find surprisingly tough opposition in November from Republican nominee Paul Eggers of Wichita Falls.

Regardless of whether Smith, Yarborough — or Eggers — is the next governor, the battleworn Democratic legislative presiding officers, Lt. Gov.-nominee Ben Barnes in the Senate and Speaker-to-be Gus Mutscher of Brenham in the House, will be powerful figures to be reckoned with. Barnes admittedly aspires to higher office and Mutscher reportedly is interested in a long tenure in the House.

**LEGISLATIVE RACES**  
There are few district races on the June 1 ballot and no other statewide contests. However, as far as professional politicians go, the legislative races are very significant — especially where incumbents are concerned. This because "lame ducks" often vote differently from those re-elected.

Many eyes will be on the races between Sen. Bruce Reagan and Rep. Ronald Bridges of Corpus Christi, for the State Senate seat for that area: Rep. John E. Blaine versus Ramon Ramos of El Paso; Rep. J. E. Miller of Burkeville versus Don Adams; Rep. Bob Hendricks versus

former Rep. Bill Dungan of McKinney.

Other runoffs involve top vote getters in local races where incumbents lost altogether or were not running for re-election.

**LIQUOR LEGISLATION**  
DUE — Gov. John Connally's June 4 special session of the Legislature almost certainly will come to grips with important liquor legislation, probably including a mixed-drinks bill.

A House study committee's report on how to improve present statutes has been promised before the special session begins. Rep. R. H. Cory of Victoria, chairman of the panel, and House Speaker Ben Barnes have indicated the report will contain major, controversial recommendations.

Results of the investigation made by Atty. Gen. Crawford Martin — and his recommendations — also are due by June 4.

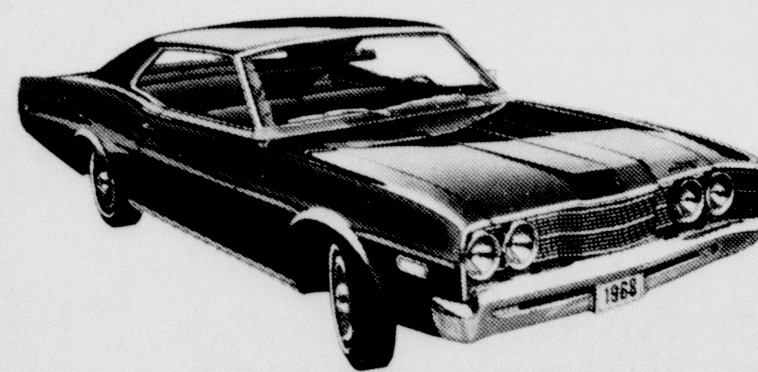

Connally has strongly indicated he will urge lawmakers to come up with a mixed-drinks bill as part of his tax program. Observers believe that, instead of a straight booze-over-the-bar measure, he will ask for legislation permitting the sale of liquor in small, one-drink bottles on a local option basis. This would mean that, if the bill passes, Texans still will have to mix their own but at least they won't have to bring their own bottles.

**ATTORNEY GENERAL RULES** — School districts are not authorized to issue time warrants for the purpose of purchasing unimproved land only. So held Attorney General Martin in a recent opinion. However he stated that warrants can be issued to purchase school buildings and equipment.

State officials may be reimbursed by the government for expenses incurred in delivery of veterans land bonds to out-of-state banks.
